RH: Did you see the photo that they posted in the morning. It states Che—uh, Shishani got an armored truck and Bosnians, who are under the command of Abdullah Pazara...

AH: Uh-huh

RH: ...got a tank. [laughs]

AH: [laughs] Allah is the greatest!

RH: I need [REDACTED] You know, he ordered s-s-some shoes.

AH: Um-hum.

AH: Are they hollow ones?

RH: I do not know. I do not know.

AH: Okay, okay. So, check with him.

RH: He said that [REDACTED] knows.

RH: Did you see [UI] today no one can believe that 800 of them attacked and defeated 30,000..

AH: There is no, my dear—that was from Allah. When dear Allah...

RH: [OV] No one can believe, brother, that they did that.

AH: Well, they were explaining something. I read this and that.

RH: [OV] Well, yeah.

AH: It does not make a sense at all.

RH: There were many of them and they were not able to take all the Hummers. They had to burn it so that nothing is left behind. They did not have enough soldiers to take everything.

AH: They said that [REDACTED] was entering. Did you see that, hey?

RH: Because they burned everything, brother... they cannot drive it. [UI] burned something and left something behind. And now these hyenas, these thieves were entering.

AH: Did you see those hyenas, hey? They were taking pictures later. They went—our men were not able to understand who was who anymore.

RH: Yeah—yeah, brother. Allah will allow it for the truth to be shown.

AH: Yeah, glory be to God. You see. Did you see how all the rest of vermin, who wrote here—who write all sorts of things about the brothers, are silent? Nobody [is saying] anything, just some news there. Well, I said, uh...

RH: [OV] Well, yeah.

00:06:20 – 00:06:43

AH: They said that they entered Baghdad and that they just—that they, uh, are really fighting for Baghdad.
